PROJECT 100 / WEEKLY OVERVIEW

Five days. One clear week.

Use the two detailed guide families for technique and level-specific sets.

RED / Main movement focus. BLUE / Secondary assistance and control. GREEN / Base and support. Bands stay orange-edged charcoal at every level.

LEVEL 1: 2 main / 1 accessory set; 4+ reps in reserve; one-kit ceiling.

LEVEL 2: 2 main / 2 accessory sets; 3+ reps in reserve; two-kit ceiling.

LEVEL 3: 3 main / 2 accessory sets; 2+ reps in reserve; four-kit ceiling.

Control drills stay easy. Day 5 is capped at two sets; day 6 stays one easy set, 5+ reps in reserve, or rest.
No fixed band load is prescribed.

WEEK / date: _____ NOTES / completed work, resistance, response

DAY 1 **Push / shoulder control**

Supported single-arm chest press / Seated straight-bar pressdown / Short-arc shoulder raise / Seated brace with normal breathing

DAY 2 **Lower body / supported base**

Supported sit-to-stand / Seated single-leg band curl / Supported calf raise / Supported side leg lift

DAY 3 **Pull / arm control**

Bench-supported one-arm row / Supported shoulder-blade control / Seated neutral-grip curl / Seated brace with normal breathing

DAY 4 **Rest / recovery**

Rest; optional gentle comfortable activity.

DAY 5 **Full body A / moderate**

Supported sit-to-stand / Seated single-leg band curl / Supported single-arm chest press / Bench-supported one-arm row / Seated brace with normal breathing

DAY 6 **Full body B / easy practice**

Supported sit-to-stand / Supported backward leg lift / Supported single-arm chest press / Bench-supported one-arm row / Seated brace with normal breathing

DAY 7 **Rest / recovery**

Rest; optional gentle comfortable activity.

Read before training: set a stable base > gently brace and breathe > move in a comfortable range > control the return.
Stop for pain or lost control.

Detailed guides: project100.fit/downloads/kinetics/focused-days-level-1.html and full-body-level-1.html. Choose the matching numbered level on either page.
